

Project Development Phase

Delivery of Sprint-4

Team ID	PNT2022TMID04728
Project Name	Smart Farmer-IOT Enabled Smart FarmingApplication

In Sprint-4 we are going to make the user interact with Software.

Step-1: First user need to download the android APK file from MIT app inventor where we developed our mobile application and install in their mobiles.

Step-2: After successful installation we can find app icon in our mobile as shown below.

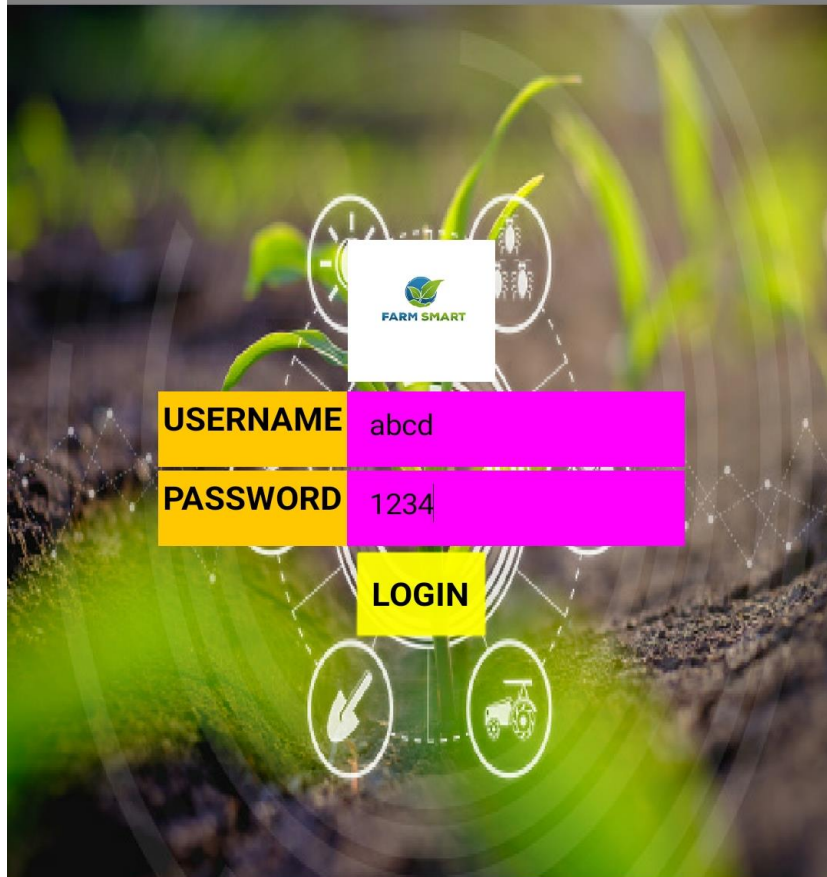

Step-3: After clicking the app icon enter username and password. The user can see interface like these as shown below.

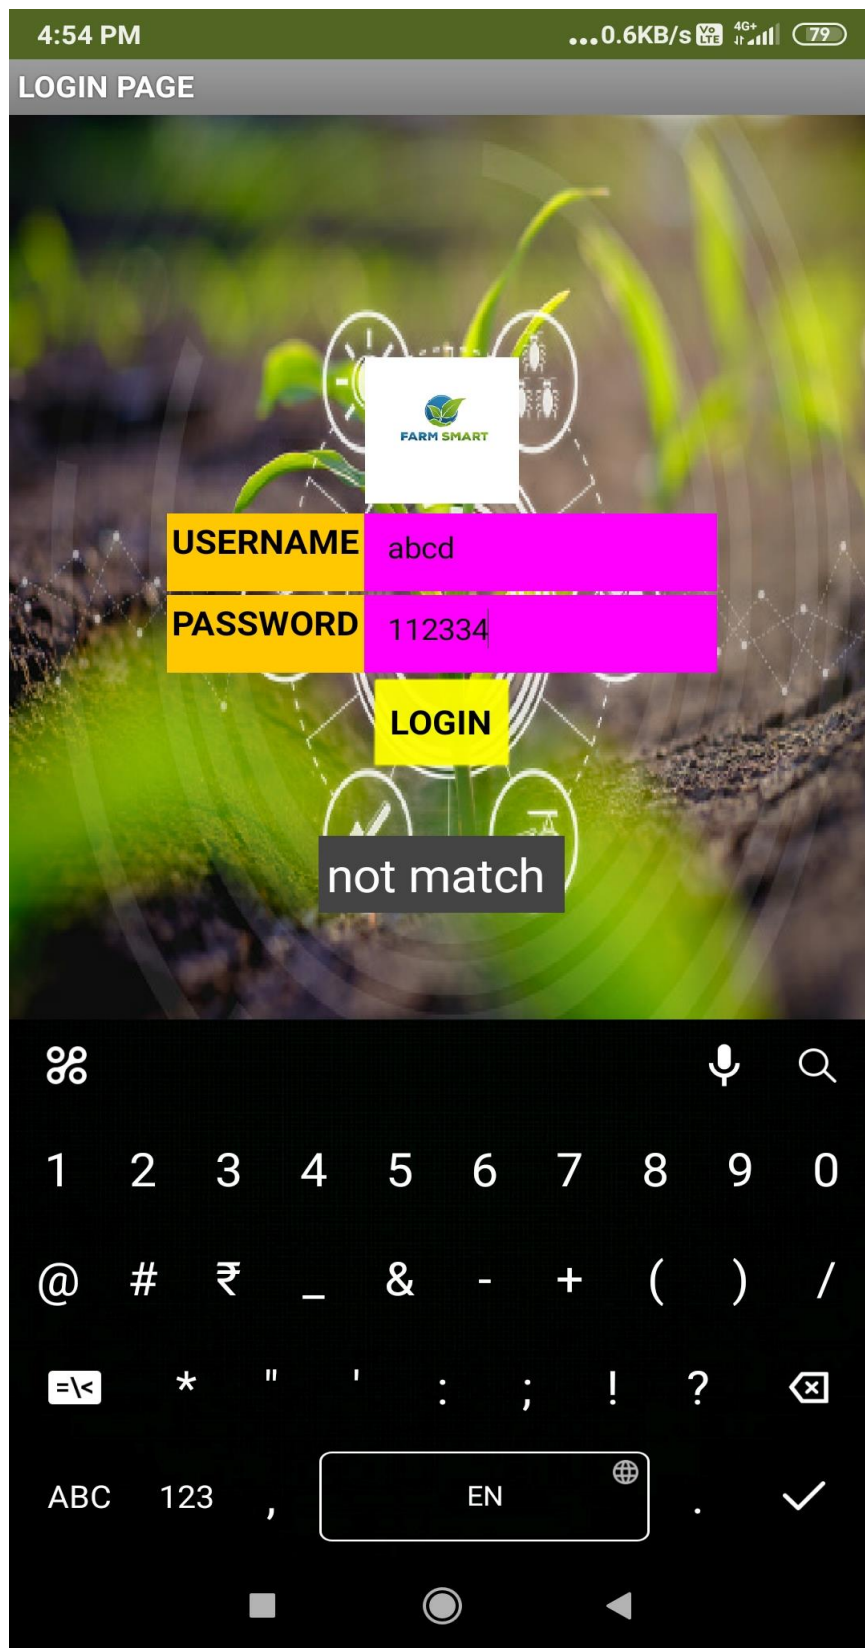

4:12 PM
